STEP 1

We ensure that we have a well-designed and built system in place to place your individual products into cartons

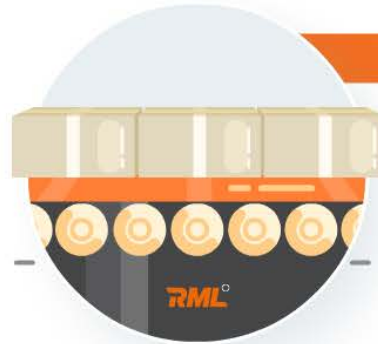

STEP 2

We erect the cartons that your products will go into, which can be customised to your requirements

STEP 3

The cartons are then transferred into cases and securely sealed

STEP 4

Cases are then sent to the RML palletiser via an outfeed conveyor

STEP 5

The cases are then transferred to and palletised by an RML Palletiser, which can pick cases off the conveyor and onto pallets

STEP 6

Pallets are transferred from the production floor to trucks by RML Automated Guided Vehicles

STEP 7

Products are then sent to the customer's warehouse for distribution

Build without constraints.

ARENA AZS®
The ultimate solution for side-mounted frameless glass balustrades.

The patented AZS® balustrade system has been designed to offer homeowners, builders and architectural specifiers with a slim, minimalist and smooth balustrade system. At only 133mm high x 50mm wide, this attractive balustrade provides an aesthetically appealing solution that will allow you to build without constraints.

Corporate Brochures

Enhance and protect your outdoor space with ScreenPro's premium heat pump covers – for your air conditioning or heat pump condenser. Our covers go beyond mere protection; they enhance the appearance of your outdoor area.

Crafted from architectural non-rusting aluminium and available in eight standard Dulux powder coating colors (with more choices on request), ScreenPro covers are designed to integrate seamlessly into any outdoor environment. Visit our website to explore the full range and find the perfect match for your home. For your convenience, they're delivered flat-packed and are easy to install.

Crafted in New Zealand by UNEX Systems, every ScreenPro product is a testament to over four decades of dedication to quality and excellence.

For more details or to make a purchase, contact our friendly customer support team today!

Key Features

- Sleek design, with (mostly) concealed screws
- Architectural grade aluminium extrusion
- Highly durable, non-rusting
- Fixing points available for attachment to floor or wall
- Very low maintenance
- Huge range of powdercoat colours available
- 10 Year Warranty (residential)
- Flat packed for easy on-site assembly and installation
- Suitable for DIY
- Custom sizes available
- Available NZ wide

Colours

ScreenPro offers a standard range of eight Dulux powder coating colors, namely Matt Black, Flaxpool, Ironsand, Grey Friars, and Tspana. Other colors are available upon request. Please visit our website to see the full range. Duralloy or equivalent is the standard finish supplied, unless stated otherwise, which provides excellent assistance for sites most commonly found in New Zealand.

Warranty

ScreenPro covers supplied by UNEX has a warranty period of 10 Years for residential applications and 5 Years for Commercial applications.

PREMIUM HEAT PUMP COVERS

Stylishly conceal your external heat pump units whilst blending with the architectural style of your home.

To find the right size for your ScreenPro Cover:
Measure your Aicon unit (Width x Depth x Height). Remember to include allowances for pipework and mounting blocks.

Width - add a minimum of 130 mm to unit size.
Depth - add a minimum of 90 mm to unit size.
Height - add a minimum of 20 mm to unit size.

Allow 100 mm clearance from back of the cover to the wall, or as recommended by the manufacturer of the unit.

COVER BASE	COVER HEIGHT	CODE	MAX UNIT SIZE (W x D x H)	PRICE (incl GST)
1050 x 425	700	BB0700	920 x 335 x 680	\$990
	850	BB0850	920 x 335 x 830	\$1,090
1150 x 475	1000	DD0850	1020 x 385 x 830	\$1,120
	1150	DD1000	1020 x 385 x 980	\$1,220
1200 x 500	1525	EE1525	1020 x 385 x 1130	\$1,350
			1070 x 410 x 1505	\$1,660

Notes
Pricing is for standard Category 1 colours. North Island - add \$40 per unit for freight. South Island - add \$60 per unit for freight. Prices are subject to change without notice.
